

COMBINATION COURSES **IMMERSION + One week or more at the Institute**

Our **ONE-TO-ONE GENERAL ENGLISH IMMERSION COURSE + INSTITUTE COURSE** will appeal to those, who wish to improve their General English in everyday situations, using and mastering normal expressions and good use of language with their own personal teacher for an immersion of one, two, or more weeks. Students then go on to class based lessons at a partner institute in the city of Dublin for the balance of their stay.

This combination course is suited to those who want to improve their general English rapidly in a relaxed but efficient immersion situation allowing for excellent preparation before entering a class for the remainder of the course. This formula has been tried and tested and allows for maximum progress and use of time.

Specific areas of language such as **speaking practice and listening activities, good pronunciation, correct use of grammar, vocabulary development including some directed reading and writing** will be covered to improve your communication skills. Constant feedback and firm but diplomatic correction of errors is an important component of all courses and necessary to allow meaningful progress. Your teacher will offer all the assistance and encouragement you need to help you improve and achieve your goals for the course.

As with all our courses, your specific needs will be identified and prioritised in the first lesson and the course will be designed to meet these
